About

My curiosity is ignited by space and coding, while my thirst for knowledge is driven by AI. Within the realm of Software Engineering, my goal is to unite AI and technology to tackle real-world issues. In doing so, I aspire to contribute to a smarter and more promising future

Objective

- A quick learner with a strong work ethic and a positive attitude
- Enjoy working in a team environment and collaborating with others to achieve common goals
- Eagerly anticipate opportunities that nurture my growth and enable me to continually expand my skill set
- Like to utilize my abilities and qualifications in the field to add value to the organization while providing me with opportunities for growth
- Aim to connect with an innovative and dynamic organization that can leverage my skills and qualifications to advance its goals
